## RESEARCH POLICY

### AIM OF THE POLICY:

Realising the vision and mission of the college for contributing to the national development the policy aims at ensuring that the research activities of the institution conform to all applicable rules and regulations and to the established standards and norms relating to safe and ethical conduct of research.

### SCOPE OF THE POLICY:

This policy shall apply to all the scholars of the college undertaking research and for the purpose of this policy 'researchers' that include all faculty members, who are active in teaching, research and extension, all students studying in the college, all mentors, research supervisors, external experts and sponsors associated with any of the research activities of the college.

### OBJECTIVES:

1. To initiate a research fund for supporting and facilitating research initiatives of staff and students
2. To provide a platform to ensure the staff to attain the desired mix of teaching, research and consultancy outputs
3. To facilitate the presentation/communication of the research work/projects their findings and recommendations through academic events namely symposia/ conferences/seminars
4. To establish linkages after identification including MOU s for long term relationships with industry bodies and individual companies for creating opportunities for teachers and students to involve themselves in real life research projects
5. To encourage the publication of the research work/projects in reputed academic journals
6. To provide a modality for proper coordination of all research activities of the college and aligning these to the vision and missions of the college and sustainable development goals
7. To guide researchers in the integration of research projects with the regular curriculum
8. To prepare and implement a research code, which informs all researchers about the ethical and legal norms and principles to be followed in the conduct of research
9. To design and implement a research quality assurance mechanism for ensuring that all research activities of the college conform to standard quality specifications
10. To develop, prescribe and administer procedures to ensure the research code and plagiarism rules and regulations
11. To intimate researchers about the appropriate research opportunities announced by different academic, research, industry or government organisations
12. To develop and promote linkages with the Research bodies of other institutions, corporate and
