**TIRUNELVELI – 627 011**

## Students Induction Programme (SIP)

Under the UGC curriculum, the Students Induction Programme was conducted for first-year students. The key aim of the Students Induction Programme for new students are to aid them in becoming familiar with and feeling a part of their new environment, instil in them an understanding of the institution's vision, mission, and culture, and aid in the development of relationships with faculty and fellow students. The Students Induction Programme at our institution covers a variety of topics, including meeting with the students, visiting the university and significant campus locations, the rules and regulations of the college, etc. For the academic year 2022–2023, the programme ran for one week, from July 27 to August 2, 2022. The programme began with orientation sessions, and on the last day, students were brought to the campus of Manonmaniam Sundaranar University and the District Science Centre.
