EXTENSION ACTIVITY PROGRAMME

Date: 28.01.2025   **Day: Tuesday**   **Time:10.00p.m.-01.00p.m**   **Venue: Ariyakulam**

On January 28, 2025, the Department of Information Technology organized an awareness campaign on the topic "Unsage of Smartphone" in Ariyakulam Village, with Selvi S. Murugeswari, Assistant Professor, and III B.Sc. (IT) students. The campaign aimed to educate the villagers about the responsible and beneficial use of smartphones. The session focused on the positive uses of smartphones, such as accessing educational resources and using digital platforms for government services. The session also addressed the potential risks of smartphone misuse, including excessive screen time, privacy concerns, and the importance of maintaining a balance between digital and real-life interactions. In addition to the village campaign, the III B.Sc. (IT) students also visited T.D.T.A Maravar Elementary School, where they conducted a similar session for the schoolchildren. The students explained how smartphones can be used as educational tools, including learning apps and other digital resources to enhance academic knowledge and skills. Throughout the day III B.Sc. (IT) students interacted with both the villagers and the schoolchildren, answering questions and demonstrating how to use smartphones safely and effectively. Both groups appreciated the insights shared during the sessions. The event concluded with an interactive discussion, where participants from both the village and the school shared their experiences and ideas about responsible smartphone usage.
