STAFF-STUDENTS EXCHANGE PROGRAMME

Date: 27.01.2025

Day: Monday

Time: 01.30p.m.-03.30p.m

Venue: Rose Mary College

An interdisciplinary intercollege activity was organized by the Department of Information Technology at Rosemary College of Arts & Science on January 27, 2025. The focus of the event was to elaborate on the concepts of "Internet of Things" (IoT) and "Machine Learning." The first session, which provided an in-depth understanding of the "Internet of Things," was delivered by Dr. (Smt.) M.Nagoor Meeral, Assistant Professor, Department of Information Technology, Rose mary College of Arts & Science. The lecture covered various aspects of the IoT, including its applications and implications in the modern technological landscape. The second session focused on the concept of "Machine Learning" and was conducted by Selvi S. Sumithira, Assistant Professor, Department of Information Technology, Sri Sarada College for Women (Autonomous). This session introduced students to the fundamental principles of machine learning, including key algorithms and their real-world applications. During the event, faculty members from both colleges trained the students of III B.Sc. (IT) from their respective institutions. Staff from Rosemary College of Arts & Science trained students of III B.Sc. (IT) from Sri Sarada College for Women (Autonomous), while faculty from Sri Sarada College for Women (Autonomous) trained students from Rosemary College of Arts & Science. The end of a successful and informative event.
