### Vision :

Our College's first priorities are Students, and their Harmonious development of Hand, Heart and Head, thus resulting in the evolution of Nirai Nangaiyars (The Perfect Women) of multi - dimensionally educated, perfect young generation of women, each of whom will be a Kamadhenu, the milch cow of plenty and plenitude. We inculcate our vision by a sense of unity and respect for all religions coupled with firm adherence to one's own religion.

### Mission :

Sri Sarada College embraces these basic institutional values that guide the fulfillment of our Mission:

- ❖ To support every student to achieve success is our highest priority.
- ❖ To attain the highest standards of excellence in all we do
- ❖ To engage our students as active learners and provide a broad range of educational experiences both inside and outside the classroom.
- ❖ To promote product exchanges with all members of the college community and collegial relationships among our various stakeholders.
- ❖ To uphold the highest standard of ethics.
- ❖ To encourage civic engagement and supporting economic development in the region.
- ❖ To create a diverse environment that supports an equitable education for all our students.

**Secretary's Message**

The Universal Message of Swami Vivekananda is taking widespread everyday, withstanding all kinds of resistance from the world of fancy. In this age of Information Technology, it is the faculty of reasoning which man currently relies upon and it is certainly the way of the future. This is what we target through the Higher Education, not of course casting aside the need of earning livelihood and having a social living enriched with high Ethical Values through the development of Modern Science. Thus, harmoniously synthesize Indian Spirituality and Western Science. This is indeed our students should understand and the monastic and non-monastic Staff members of our college are engaged in translating the idea into reality as far as practicable. Let everybody join hands for this noble cause.

*Yatiswari Saravanabhavapriya Amba*

**From the Principal's Desk**

Shaping young minds is one of the most challenging as well as interesting tasks in the present times. Each child's future follows a different path and momentum. In order for them, to succeed in the 21<sup>st</sup> century, we will need to provide with an education embedded with Indian Culture and Tradition. Knowledge being the most democratic source of power, we must impart quality education to our young scholars who are the key agents in the process of development and harmony. We are committed towards preparing Nirai Nangaiyars (The Perfect Women) who continue to inspire our future generations to make us proud by their commendable contribution to the industry & society.

*Dr. Smt. M. Malarvizhi*

From the Editors

**"Where the Vision is one year, Cultivate Flowers;  
Where the Vision is ten years, Cultivate Trees;  
Where the Vision is eternity, Cultivate People."**

Our motto "HARMONIOUS DEVELOPMENT OF HAND, HEART AND HEAD" is at the heart of everything we do in the College. We aim to not just impart knowledge to the students, but also inculcate in them Wisdom, Compassion and Humanitarian Spirit. We have a multi-cultural student population and hence we teach children the importance of tolerance, respecting each other's Culture, Discipline, Values and Integrity are the very foundation of our College through which we try to cultivate people.

### EXTENSION SERVICES / ISR

#### The best way to find yourself is to lose yourself in service of others - Mahatma Gandhi

We believe that communities can be empowered only when all its members are educated and literate. Thus we try to help in a non invasive way, working directly with the children and with the local school teachers and parents to meet the educational needs. Also we indulge in creating awareness among village people to improve their nutritional and health standards by exposing them to personal hygiene, balanced diet and nutrition.
